SUMMARY

Over 10 years of experience as a social protection specialist and development economist, with extensive expertise in international development project management, labor market policy, living wage, poverty analysis, and social protection systems. Proven ability to lead multi-stakeholder projects, coordinate operational implementation in complex settings, and provide technical assistance on labor and social policies. Experienced in forging partnerships with government agencies, international organizations, and civil society. Fluent in R, with advanced skills in econometrics, survey analysis, and policy impact evaluation. PhD in Political Science.

PROFESSIONAL EXPERIENCE

International Labour Organization (ILO)

Position: Project Officer

Results: Implementation manager of a key project, focused on fostering employment among vulnerable youth, and living wage across several supply chains.

Brasilia, Brazil

Oct/2024-Current
